To Whom it May Concern:

I am pleased and honored to be able to write this letter on behalf of Ms. Lauren Huntington. Lauren completed her Residency in Teaching with me as her mentor in the spring semester of the 2015-2016 school year. She was assigned 7th grade integrated science here at CY Middle School.

Ms. Huntington showed up the first semester before her residency started. She established an excellent rapport with all of the students. She has a clear understanding of middle school students and how to get them to want to do their best academically and socially.

When Lauren took over the class she was always prepared and knew how to structure the lesson so all of the students learning styles were incorporated. Lauren is energetic and resourceful in her teaching. She has a deep understanding of all of the sciences and knows how to share that with students in an engaging manner. She is always looking for new and exciting ways for students to learn in a deep and connected manner. She also went above and beyond by giving a training on cutting edge technology to use in the classroom at one of our staff meeting, running a booth at family math night, chaperoning a school dance, and much more.

I wholeheartedly recommend Lauren Huntington to you. Please do not hesitate to contact me personally if I can furnish any further information regarding this fine person.

Most Sincerely,

A handwritten signature in purple ink that reads "Polly A. BeeBout".
